“MUSIC MUSIC MUSIC”

Experiencing & Expressing Creativity Through Music

A session conceived by Ted Callisto and shared in his honour by Anthony Hyatt

- WHAT? Music has been a part of all cultures as creative art form, a way of celebrating, emoting, expressing, praying, communicating, ceremony .
- WHY? We use music as a vehicle for listening, speaking, writing.
- HOW?
1. Music experience is a path to discovering the creative self. Listen to music in silence. Let the music speak to you. Jot down a few words to express your response to the music. E.g. did it move you? Did you like it? What memories did it recall for you? How did it make you feel?
 2. Please share some of your ideas.
Speaking. Listening. (Agreement. Disagreement. Comments.)
 3. Creating Music Together – Sharing Our Sounds:
Group experience as A TEAM – “Toot-a-la-Too”
 4. WRITE a picture of the musical experience ~ listening or performing.

NOW WHAT???? - In What Ways Might I use Music as a learning tool?
